Engineering Change Notice

ECN: SP10005

Version:	1
Date:	August 4th, 2026
Revision:	0
Page:	1 of 1

Important Notice

This engineering change notice is effective as of August 14th, 2026.

ECN Description

The P472 pipe is discontinued and replaced by P496 as part of an initiative to accommodate wider vertical spans for products like the new VFA-XD.

P496 will replace P472 in several other assemblies as well which are listed below. Drawings have been updated and will be placed into our engineering database as well as our website.

Please reach out to our engineering team using the contact information below if any assistance is needed to transition to the updated sector frame.

SKU's with P472 that will update to P496

Part Number	Description
CSF12-4-30120*	13' Corner Wall Mount Sector Frame
ISMD10-R5LL*	10' Antenna Ice Shield with R5-LL
ISMD4-R5LL*	4' Antenna Ice Shield with R5-LL
ISMD6-R5LL*	6' Antenna Ice Shield with R5-LL
ISMD8-R5LL*	8' Antenna Ice Shield with R5-LL
MSFAA*	MONOPOLE SECTOR FRAME ATTACHMENT
MSFAA-L*	60" Monopole Sector Frame Attachment
MSFAA-Q*	Quad Monopole Sector Frame Attachment
R5*	R5 Universal Pipe Mount Kit
R5-216*	R5 Universal Pipe Mount with Dual Antenna Mount
R5-216LL*	Dual Antenna Mount w/ R5 Standoff
R5-LL*	R5 Universal Pipe Mount Kit
3VFA6HDM38*	3 Sector 6' Nominal HD V-Frame w/ Mounting Pipes

SKU Phase-Out and Replacement P/N's

P/N Phasing Out	Replacement P/N if Applicable
FACE-PM472	FACE-PM496
TAP-472	TAP-496
3VFA10-HDM*	3VFA10HDM3010R4
3VFA10-HDWPM*	Contact SP1 Engineering
3VFA12-HDM*	3VFA12HDM3010R4
3VFA12-HDM30120	Contact SP1 Engineering
3VFA12-HDWPM*	Contact SP1 Engineering
VFA10-M3-HDJW*	Contact SP1 Engineering
