

Quick-Seal™ Connection Enclosures

A **valmont** COMPANY

Features: Sealing properties of the gel provide a reliable protection over a wide temperature range, -30°C (-22°F) to 60°C (140°F).

Construction: Wraparound and no disconnect of the connector.

Design Criteria: Wraparound and no disconnect of the connector. The housing contains an innovative gel material and provides an efficient moisture block. Gel material provides an effective barrier against ingress of water and other contaminants. Easily removable and re-useable. No tapes, no mastics or tools required for installation and removal.

Part #	Application	Cable Range		Weight
		Jumper	Feeder	
D32473	7/8" to 1/2" Connection	0.51" - 0.67"	1.06" - 1.14"	0.65 lb.
C79091	1-1/4" to 1/2" Connection	0.51" - 0.67"	1.49" - 1.57"	0.85 lb.
E97072	1-5/8" to 1/2" Connection	0.51" - 0.67"	1.95" - 2.04"	0.95 lb.
F58329	1/2" to Antenna (Short 3-1/52")	0.51" - 0.67"	N/A	0.10 lb.
D80635	1/2" to Antenna (Long 6)	0.51" - 0.67"		0.20 lb.
