A technical diagram of a hexagonal pivot range. The hexagon is oriented with two horizontal sides. A vertical dashed line runs through the center. Six bolts are shown: two on the top horizontal side, one in the center, and three along the bottom horizontal side. Two curved arrows on the left and right sides indicate a pivot range of 120°, with 60° marked on each side. The text "PIVOT RANGE" is centered below the diagram.

FINISH:
HOT DIP GALVANIZED.
